"The annual cook-off competition was an experiment in fine dining."

THE EVENT: *"Iron Chef" Metz Dining Style*

THE CHEFS: Using a wide array of surprise ingredients, Kyle Goldcamp and Tyler Stoczynski create a main plate, side dish, and dessert for the judges. While not in the kitchen, these young men can be found shooting hoops in the Hammermill Center.

THE PURPOSE: Everyone loves to watch cooking competitions on the Food Network, so why not attract a crowd of food-lovers locally? In addition to its all-you-can-eat buffet, the Beyer Cafeteria serves up entertainment through events, such as the Iron Chef Cooking Competition.

practically single debuts

On April 11, 2008 the Delta Chi fraternity members invited the entire campus to an acoustic listening session on Friendship Green featuring *Practically Single*.

According to their myspace account, "the five-piece Pop/Punk band from Clarion, PA has developed their style over the years with influences by *Fall Out Boy, Cartel, Panic At The Disco, The Used*, and *Boys Like Girls*."

The small town band entertained a following of students in hopes of winning a vote to open for *One Republic* at an APB sponsored concert.

Homecoming Parade

Elvis Presley

The resurrected King of Rock-n-Roll made an appearance on several of the homecoming floats. Elvis wowed the crowds with his amazing dance moves and set the tone for an exciting day.

It was a rainy Saturday morning but few people noticed as hundreds of students, faculty, staff, and alumni watched the homecoming festivities unfold on Sixth Street. Gannon University truly "rolled into Las Vegas" the week of October 20 beginning with a pep rally on October 17 which more than 400 students attended. Saturday began with the traditional parade in front of Old Main and a tailgate party held at the Health Center.

Although the Gannon Knights fell to the University of Findlay with a score of 40 to 14, students managed to keep their spirits high during the homecoming dance, held at the new Erie Bayfront Convention Center. Over 1,000 students danced the night away; seniors Amber Nixon and Nathan Kottner, of Sigma Sigma Sigma and Pi Kappa Alpha respectively, were crowned king and queen at midnight.

Waldron Weekends sponsored a Glow-in-the-Dark Bocce Ball tournament on April 25. Seniors, Grace Kretschmann and Kim Varela competed against two other teams to win movie passes.

Finding something to do on the weekends can be a challenge for many students. For those not lucky enough to have a car on campus, options within walking distance can seem dismal. Luckily, the Activities Programming Board organizes many different activities to keep students entertained.

One of their many outings included a trip to Chicago to see the Broadway musical *Wicked*. This Spring, a bus load of students made the eight hour long trek to Chicago to see the Tony award winning show that is written as a prelude to the *The Wizard of Oz*. The two hour long performance, featuring dazzling lights and powerhouse vocals, follows the lives of Elphaba and Glinda, two roommates at Shiz University who are polar opposites.

At forty dollars a ticket, this event was a great opportunity to get away from campus and enjoy the fine arts in the Windy City.

LOCATION: *306 W. Sixth Street Erie, PA*

THE SCENE: The Offices of Student Living and Campus Ministry have joined together to purchase a home for a Catholic living-learning community. The nine members residing in the house follow the five pillars of service, community, chastity, study, and prayer, while hosting fun events like a Fall Open House, movie nights, and a Christmas party.

WHY STUDENTS LOVE IT: Having the opportunity to pray with the other people in the house has helped me deepen my faith and taught me many new ways to pray. It provides a new perspective on my relationship with God and is very refreshing. - *Jackie Oesmann*

Finding our roots in the Judeo-Christian Tradition, our University community finds life in the readings and Eucharist shared at daily and Sunday liturgies.

Under the direction of Deacon Steve Washek and Fr. George Strohmeyer, minor renovations helped to move the tabernacle to a new, more prominant location, which works for both the small daily chapel and the main Mary Seat of Wisdom Chapel. The tabernacle serves as a physical reminder of our foundation in Christ.

"Alternative spring break trips sprout reflections!"

Glenmary Farms

Kentucky

Campus Ministy graduate assistants Matthew Durney and Adam Anderson led a group of ten students into the heart of Appalachia for a summer service trip. While on the "farm" they helped clean and build homes.

More than 28 Gannon students skipped the traditional spring break beaches to devote the week of March 1 -9 to community service and volunteerism. Service trip destinations included South Dakota, New Orleans, La., New York City, and Mexico. Intended to highten advocacy, awareness, and assistance for those less fortunate, the alternative break trips involved rebuilding houses with Habitat for Humanity, working at a soup kitchen in the Bronx, helping youth at an Indian reserve, and learning about border awareness and social justice issues.

The students' sacrifice of performing volunteer work over spring break is just one reason Gannon recently was named to the President's Higher Education Community Service Honor Roll. The recognition, from the Corporation for National and Community Service, was given for exemplary service efforts and service to disadvantaged youth.

Students devoted their spring break to helping others through volunteer work at four service sites, both in and outside the country.

ARCHIVED NEWS STORY: In recent weeks, you might have noticed a bright red Ford Escort with the words "Gannon Security" on its doors parked behind the mail room or patrolling campus. The car was appropriated recently in order to guarantee that a vehicle was on hand for patrolling the campus and on-campus housing units. Previously, security had to reserve a Gannon van to do its patrols. Sometimes vans were not available for use, leaving the security officers to do their rounds on foot. *- The Gannon Knight Archives, 1990*

security goes high-tech

The University has implemented new technology mechanisms in order to communicate more efficiently and effectively in the event that a crisis or emergency situation should occur on or near our campus. (Members of the University) now may go to the Gannon portal and register to receive emergency notification alerts and updates, choosing to receive either emergency alert text messages via cellular phone or voice mail messages via cellular or landline (home) phones. An Emergency Notification Setup channel on the portal provides simple instructions for setting up these communication outlets for faculty, staff, and students.

"The race for delegates leads to political awareness!"

Primary Elections

Polling Place

Faculty and students entered the doors of Zurn Science Center to cast their votes in the Pennsylvania primaries on April 22. Unfortunately, only about 32.5% of PA citizens filled out ballots this year.

Throughout the 07-08 school year a great focus has been on the presidential primaries. Programs like Pizza with a Purpose the 'presidential edition,' the Super Tuesday party in Waldron, and an alumni lunch-n-learn spotlighted this interesting course of events.

For the first time in memorable history, Pennsylvania counted in the April 22nd primary elections. The fact that the Keystone State counted attracted not only constant television advertising but it also drew in the candidates themselves to speak in Erie. With this competition came a newfound interest in politics, as well as the knowledge of new words like super-delegates and caucus.

Various students had the opportunity to meet the delegates in person and enjoyed shaking the hands of Chelsea and Bill Clinton. Surely, 2008 will be a year to look back upon in the future as a year that changed the history of our nation.

Commencement

Attendance

Over 300 graduates attended the Winter Commencement Exercises held in the Hammermill Center, along with current students, ambassadors, family members, and the GU Choir. Robert Ruyak offered the keynote speech.

Gannon President Dr. Antoine M. Garibaldi conferred some 656 degrees at the University's Spring Commencement, held Saturday, May 10 at Tullio Arena.

The graduates included 24 students who received doctor of physical therapy degrees, two receiving doctorates in counseling psychology, 249 master's degrees, 356 bachelor's degrees, and 25 associate's degrees. Including the 317 degrees conferred at Gannon's Winter Commencement, the university had a total graduating class of 983 for the academic year.

His Eminence Theodore McCarrick, Ph.D., D.D., Archbishop Emeritus of Washington, gave the keynote speech at the May ceremony. Cardinal Mc Carrick commended Gannon for its continued pursuit of excellence. "Gannon University has a great reputation," Cardinal McCarrick said. "Gannon embodies what a Catholic college should be."

The Story Behind Traditional Vestments

According to the 1895 Intercollegiate Code for American institutions of higher learning, one of three types of graduation gowns may be worn by bachelors, masters, and doctoral students. The colored trim and lining of the hood, which is the most distinctive feature of the American code, indicate particular departments and the official college colors:

Arts, Letters, Humanities	White
Business	Drab
Education	Light Blue
Engineering	Orange
Health Sciences	Soge
Law	Purple
Medical Sciences	Green
Nursing	Apricot
Philosophy	Royol
Public Administration	Peacock
Public Health	Solmon
Science	Gald
Social Work	Citran
Thealagy	Red

WHAT DO THE COLORS SIGNIFY?

Traditional academic dress, including gowns, hoods, tassles, and adornments, attributes its roots to the universities of the Medieval Ages.

Over 400 dedicated student-athletes form communities within our college's 18 NCAA Division II varsity teams, while remaining active in both academics and athletics.

athletic groups and activities for everyone

If you are interested in athletics, Gannon is the right place for you. We offer 18 NCAA Division II scholarship-granting varsity sports, including nine men's and nine women's teams. There are over 350 student athletes participating in varsity sports on the campus. In addition, we have a wide variety of intramural sports designed to meet our students' athletic interests and provide a healthy, competitive social atmosphere. These are organized into men's, women's, and co-ed leagues and teams. The University also has a cheerleading squad and a variety of club sports which are supported by the Student Government Association.

Head coach Jim Kiernan greeted a 91-man team, consisting of 43 returning members, at the first preseason football camp on August 4th. The off-season goal was "to get everyone to understand that the program can achieve and accomplish more as a group than as a group of individuals," said Kiernan. Senior Rich Lee and redshirt junior Matt Ward led the program as team captains through an intensive period of transition. Golden Knights Ronald Keels, Alton Kenner, Chris Murphy, and Jon Richardson were named to the GLIAC honorable-mention football team in the post-season. Both players and fans anticipate an increased number of wins during the coming year.

making the shots by leaps and bounds

The men's basketball team finished the 2007-2008 season in a final match against Findlay in the NCAA second round. The Golden Knights really stepped up their game this year with the fantastic coaching of John Reilly. With an unbelievable turnaround from a 9-17 record last season, they ended this season with a 26-5 mark. It was the second-highest single-season victory total in school history. Aside from their many achievements on the court, senior Vince Mosley and junior Kyle Goldchamp were named to the National Association of Basketball Coaches All-Great Lakes Region teams.

high **standards** & commitment fill bases on the **diamond**

Wrapping up his first year as head coach of the Gannon Baseball team Nate Cocalin got a feel for his players through their 8-36 season. Cocalin had high hopes for the season saying, "The high level of character and commitment of the 20 players in the program have been our biggest strength. We have asked our players to work extremely hard and that is the only way we are going to reach our goals." Jonathon Dziamba and Greg Radwan posted honorable-mention spots for the All-Great Lake Intercollegiate Athletic Conference (GLIAC) team. Seven other members of the team earned credit for their academic achievement on the GLIAC All-Academic team.

"Education is all about the students. However, when you become Dean you lose a lot of the direct contact with students. So in order to stay in touch and impact the individual student, I have used their passion for cards to find a common ground for building relationships. SPOTLIGHT

dr. steven ropski, professor

"A good teacher is not that different from being a good actor. You have to do something to grab the attention of the audience, or students for that matter. When I am teaching here at Gannon, it feels like I am acting most of the time. {When on stage, however,} you can't diminish the rush you get from the applause."

••• Dr. Ropski is no stranger to acting! Over the past 20 years, the Erie Playhouse has cast him in thirteen productions.

CAMPUS LIVING

kelly miele, sophomore

"Living on campus has allowed me to become fully immersed in the Gannon culture, making it easier to attend campus activities and to participate in various clubs. While being in the midst of all the action, I have made friendships that I would not trade for the world! On-campus living has enabled me to grow into a more independent young woman by strengthening my values and helping me take responsibility for myself."

GOING GREEN

samantha keifer freshman

"The environmental awareness in Gannon's community has made great strides this year. Our new environmental club will be our love letter to the planet. I appreciate "going green" because we all have a responsibility to care for the gifts we have be given, especially Mother Nature. It is easy to see that everyone with little effort can make the world a better place to live."

LEADERSHIP

michael koprowski, junior

"Leadership is not just a word or phrase, but an important part of my identity. Becoming an effective leader requires hard-work and dedication to an organization. Being an involved student leader on campus has help me create the foundation for my future. Leadership is not only being able to have control over a group or organization but being able to guide and teach individuals how to succeed."

HIGH NOTES

jessica mountain, junior

"Joining the Gannon choir made adjusting to college an easier transition, allowing me to regain an important part of my life which I had lost after high school. The Gannon choir has enabled me to become more aware of my surroundings and increased my involvement with campus activities. This experience has boosted my confidence level and helped me feel right at home."

SEMINARIAN

michael rodgers, sophomore

"I will always cherish my time as a seminarian because it has helped me to grow into the man that God is calling me to be. The hardest thing about being in this position is believing with all your heart that Christ is leading you in the direction He wants you to go. I love my brother seminarians and will continue to pray that more people will answer Christ's call to 'follow me.'"

SISTERHOOD

dafina loshaj, junior

"Being in Sigma Sigma Sigma has made me a stronger and more passionate person. I have found my true being, and discovered so much about myself. I have learned to embrace my individual beliefs and appreciate those of others. I have grown to appreciate the strong bonds and lifetime memories I have made with all my sisters. Sorority life has been the perfect puzzle piece of my college years."

KNIGHT CALLER

hannah kirby, sophomore

"As a Knight Caller, I have broadened my circle of friends, working with both upperclassmen and underclassmen, as well as people outside of my major. I socialize with many of my co-workers outside of work. Through my job, I am also able to represent the University by giving tours at Open House and meeting with prospective students. Being a Knight Caller has definitely shaped my time here at Gannon."

SPARE TIME

peyton koenig, junior

"My three years at Gannon University have been filled with academic, personal and spiritual growth, providing me with new interests, opportunities and challenges. Though spare time is rare during the semester I particularly enjoy being active in Campus Ministry and at The Gannon Knight. I also enjoy spending time and strengthening relationships with family, friends and those who are important to me."

DIVERSITY

shaundra curtis, junior

"As an international student I have solidified the true essence of who I am and what I want to pursue after my time at Gannon. This experience has diversified my life, opened up my eyes, and sensitized my mind about the importance and roles of other individuals in society. My beliefs and practices have been strengthened while I have come to understand and accept other cultures."

PAINTBALL

landon hoobler junior

"There is no greater thrill than playing a sport which involves stealth, teamwork, and hitting your opponent or best friend with a 200MPH ball of justice. Paintballing improves not only physical and mental coordination, but also has helped me build character and allowed me to participate in a brotherhood. I feel as though the benefits of paintball are highly numbered, unfortunately our club can only play on the weekends."

ON POLITICS

matthew thomas, junior

"I have had many experiences that have influenced my worldview, but few as profoundly as that of observing politics. I have great faith in the American system of government. In the end, I really believe that power is best when it rests in the hands of the people. I hope we will always have the courage to stand up for our freedom and our faith. God Bless!"

COMMUNITY

Kathleen Paulett, junior

"Living in community has allowed me to grow as an individual and as a member of a close group. This lifestyle has given me the opportunity to deepen my faith and grow into a stronger person. I have grown a lot in my faith within community living because there is a support system to help and challenge me. This year, in the Catholic House community I have also deepened my self-understanding."

FRATERNITY

tom russo, sophomore

"I wanted to have the best experience I could while at Gannon, and the way to do this for me was by entering a fraternity. Everyone gets along well in the Greek community; it is a friendship that will last for a lifetime. I am very proud to be Greek... basically because it opens the door to so many opportunities. It is an accomplishment which distinguishes me from other students."

INTERACTIONS

"My involvement on SGA has enabled me to make many memorable friendships with different kinds of people. I also have broadened my horizons through my interactions with the International Student Association, especially through great achievements like International Night 2008. It was an opportunity for me to embrace the many different cultures on campus that unfortunatlely go overlooked at times."

IN-RESIDENCE

chris wrobel, sophomore

"Being a first-year Resident Assistant, I have been able to learn more about my identity. Day after day, I meet with residents to discuss academic, relationship, and personal problems; and with each resident, I am able to take a look at my life and see where I stand. In turn, I have been able to become aware of what I am passionate about and speak out and become an advocate for certain issues. Furthermore, I have learned how to be more patient, sympathetic, understanding, open-minded, and non-judgmental."

"Being a member of the L'Arche community for the past year has been a source of incredible growth. Sharing daily life with my friends with intellectual disabilities is filled with blessings and challenges – usually all in the same moment. Not only do the core members share their gifts with me, but I too find strength in my gifts and vulnerability in my weaknesses. And it is then – when I am weak – that the love of the community embraces me. This is one of life's greatest gifts: to see the presence of God's love in others.

"Graduation is a little intimidating. After that, I will be moving on into the real world and working for the next 40 years or so. Presently, I feel that with graduation upcoming, I have the mindset of an adult more than a student. I am becoming more and more prepared for the future with every day of student teaching. By this time next year, I will have almost a full year of teaching behind me. I am confident that the education I received from Gannon has prepared me to excel in my own classroom.

"This Fall, I did an internship through the Washington Center and worked in our nation's Capitol. Thanks to this internship, I know now what I want to do after I graduate from Gannon; I am moving back to Washington, DC. as soon as possible! I think everyone should have the chance to do something like the Washington Center. Internships are so important in showing students real-life experiences. I feel so lucky that I was able to do take part in something so amazing.

"In order to act and convincingly portray a character, one must be candid with oneself. One must understand one's own motivations, faults, strengths, eccentricities, mannerisms, etc. in order to abandon or adapt them for a character. Acting at the Schuster Theatre has not only been the most reflective process of my life, but has also been the most enriching. It has made me understand myself as a person and discover myself as an actor. Because of the Schuster Theatre, my identity has been forged in the arts."

"I enjoy working with computers... I have loved working with computers since I was younger. I was always kind of a geek since I was little. Starting off at Gannon I was an international business major. After working as an ITS work-study for four years, my career goals have changed. For the future I hope to work with computers and business, hopefully combining them together. Through working at ITS, I have learned how to manage my time under pressure. Now, as a Junior technician, I work 35 hours a week and any overtime I can get."

THE AIM OF GANNON UNIVERSITY

Mission Statement

Gannon is a Catholic, Dioceson, student-centered University that provides for the holistic development of undergraduate and graduate students in the Judeo- Christian tradition. As such, it offers each student outstanding teaching and a value-centered education in both liberal arts and professional specializations in order to prepare students for leadership roles in their careers, society and church. The University faculty and staff are committed to excellence and continuous improvement in teaching, learning, scholarship, research and service. The University's environment is to be one of inclusiveness and cultural diversity.

Vision Statement

Gannon will be the leader among Catholic universities in fostering intellectual development, enriching Christian values and beliefs, and preparing students for leadership roles. We will be concerned for those we serve; chosen for the quality of education we provide; and respected for the selflessness, excellence and commitment of our students, alumni, faculty and staff.

CAMPUS MINISTRY EVENTS

Listed below are four life-enriching experiences offered yearly by the Campus Ministry Office:

1 Busy Person's Retreat Based on the Exercises of St. Ignatius of Loyola, this retreat offers students the space for quiet prayer and the opportunity to meet with a Retreat Guide for daily conversation. Since this retreat takes place on campus, participants do not have to worry about packing a suitcase.

2 Freshmen Retreat First-year students are invited to participate in this 24-hour retreat, where they can reflect on the transition from high school into college, how spirituality and faith are tied into that transition, and how their experiences will continue to enrich their time in college.

3 Leadership Retreat The Campus Ministry Office believes that student leaders must take care of their own spirituality in order to provide authentic spiritual leadership to their peers. On retreat, student leaders learn about the spiritual disciplines which provide a firm faith foundation from which they can lead.

4 Jubilee Over 1,800 Christians meet for this spirit-filled weekend; this retreat is designed to help college students meet peers who are also, deepening in their relationship to Christ.

FOUR BASIC FOUNDING PRINCIPLES

Scholarship

Members are encouraged to strive for scholarly excellence through programs and workshops that address topics like time management, study skills, interviewing, and resume writing. In addition, some chapters offer scholarships to their members for outstanding academics and leadership.

Service & Philanthropy

A proud facet of Greek life is massive community service participation. Fraternities and sororities contribute a great deal of hands-on service to the Erie community and are responsible for fund-raising efforts that benefit national charitable organizations specific to each chapter.

Leadership

Greeks have the opportunity to serve their chapters as officers or committee members and develop their skills in organization, effective communication, and decision making. Membership in a Greek organization provides an excellent place to gain leadership experience.

Friendship

For most individuals, the most important component of Greek life is friendship. The fact that members call themselves "brothers" and "sisters" demonstrates the sense of family that is illustrated in a fraternity/sorority. The unity found in a chapter is linked to the bond that keeps friendships alive forever.

"IN GREEK LIFE, YOU MEET A LOT OF PEOPLE AND HAVE THE OPPORTUNITY TO BUILD LEADERSHIP SKILLS."

BENEFITS OF THE HONORS PROGRAM

1 Classroom

Honors students enjoy smaller classes which ensure individual attention for the instructor and a greater sense of community. The seminar format of most courses also emphasizes active learning.

2 Diversity

The Honors Program is available to all qualified students regardless of their chosen major, especially for motivated and inquisitive individuals.

3 Community

Unique features of the Honors Program include the interactions among students, extended contact with concerned faculty, and participation in a wide range of social, cultural and educational events which help to nurture a friendly, close-knit environment.

STUDYING AT THE NASH LIBRARY

One of the hottest study spots on campus, the Nash Library has a variety of amenities to suit the needs of any liberal arts major. Here are just a few tidbits to perk your interest:

Schuster Gallery
The third floor houses several different art exhibits throughout the year

Available Hours
Students can utilize the facilities for up to 96 hours a week.

Cybercafe
One of the most popular locations, this room contains several computers and laptop hubs. The only thing that students love more than wireless is the cappuccino machine!

Children's Room
Featuring a wide-array of children's literature, this retro-themed space provides a welcoming environment for education majors.

Circulation
The Nash accommodates over 220,000 book volumes and 11,309 journal holdings.

Movies
Students can choose from over 1400 DVDs and videos for no rental fee. Popcorn, anyone?

Media Room
Located in the ground floor of Nash Library, communication arts majors utilize digital editing suites and a television studio to increase their experience.

10 STUDY SKILLS WHICH WILL LEAD TO SUCCESS

1. Don't miss your first class in each course.
2. Attend classes regularly. Don't skip a class unless you have a very good reason.
3. Get to know someone in each class, so that you have a study partner.
4. Purchase your textbooks as soon as the instructor announces the text.
5. Organize your materials. Keep a notebook and binder for each class and keep your handouts properly dated
6. Use the student handbook/ datebook to keep track of all assignment due dates and exam dates.
7. Organize your time. Practice Time Management and begin following a schedule right from the start.
8. Make it a habit to sleep at least 7-8 hours each night
9. Eat a balanced diet and get enough exercise daily
10. Take some time each evening for yourself. Relax and reflect on your day. You may even want to keep a journal of your daily activities

STUDENTS ANTICIPATE CAREERS IN ENGINEERING

On Friday, April 11, Gannon hosted "Mechanical Engineering Day" for more than 40 local middle school students, ranging in age from fifth through eighth grade.

While intending to inspire the students to excel in the sciences, technology, engineering, and math, this event provided a unique, fun learning opportunity. Organizers at Gannon also hope the event would encourage the students to consider eventually a career in engineering.

More than 30 Gannon engineering students helped coordinate the activities, which exposed the group to the range of possible careers in engineering as well as the many ways engineers impact every day life. The schedule also included a number of fun and educational hands-on learning experiences, focusing on heat transfer/fluid dynamics, structures/strength of materials, and design.

Mechanical Engineering Day was made possible by a $1,500 grant from the American Society of Mechanical Engineers to Gannon's student chapter of the ASME.

COMMUNITY HEALTH FAIR CREATES A BUZZ

Gannon University Nursing Center hosted its annual Community Health Fair on Thursday, April 10. Health and nutrition were two of the highlighted topics of the day.

The fair, "What's the Buzz? Bee Your Best!" ran from 4-7 p.m. at the John E. Horan Community Center, 730 Tacoma Road. The event was free and open to the public.

The focus of the fair included areas like fire safety, bicycle safety, and healthy recipes and nutrition. Attendees had the opportunity to partake in family-oriented fun activities, and children enjoyed playing in a Dino Jump. Prizes and food were also provided

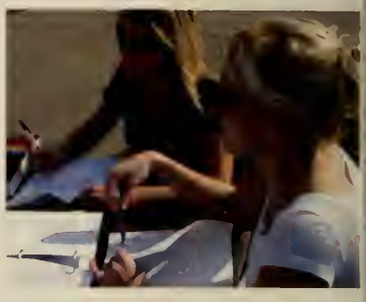
Mr. Robert H. Morosky, 1963 Gannon alumni

Sophomores Allison Eckert and Danielle Martin sell delicious baked goods as a GUSPAS fundraiser. These girls are bringing in the "dough."

When the Erie sunshine returns after a long winter hiatus, OCCUPATIONAL THERAPY students study outdoors.



Everyone enjoys a free massage... PHYSICAL THERAPY majors may one day be offering you a similar service free of charge.

GUSPAS members proudly display their banner during the Homecoming parade. Their slogan reads: Caregivers Specializing In... Las Vegas.

HEALTH SCIENCE PROGRAMS RECEIVE GENEROUS GIFT

A Gonnon alumnus and member of the University's Board of Trustees, Mr. Robert H. Morosky, has agreed to donate o major gift to Gannon to nome the University's latest building ocquisition located at 150 West Tenth Street. The Robert H. Morosky Academic Center will house a new College at Gannon that will be named in honor of Mr. Morosky and will primarily include the health professions programs.

"We are very excited about ond grateful for this generous gift from Mr. Morosky.. The new building and the College will be named in his honor for his time, expertise and financial contributions to Gannon University and the Catholic Church," said Antoine M. Garibaldi, Ph.D., President.

The University's enrollment of 4134 students this fall is its largest total enrollment in 15 yeors. The University's signature health science programs, including physician assistant, physical theropy, occupational therapy, nursing, sport and exercise science, respiratory care, radiological sciences ond medicol technology hove also experienced record growth. This new building and the College will enoble the University's dynomic faculty to provide the latest technological resources, and cutting-edge laboratories necessary to enhance faculty ond student research, and the overoll teoching ond learning environment.

"{The Murder Mystery Dinner} is a completely different fundraiser than any other club holds."

a murder mystery premiere

Physician assistant students keep their audience in suspense at their 10th annual dinner theater. Proceeds from the event benefit a health-related charity chosen by GUSPAS.

After sharing a celebratory dinner, BETA BETA BETA seniors, Alexander Millis and Ryan Evans enjoy the company of their advisor.

Showing off their chapter seal, these committed women stand firmly in the science-driven tradition of BETA BETA BETA.

ENVIRONMENTAL CLUB members Joe Morgan, John Wenskovitch, and Justin Furiga take some time away from saving the planet to play ball.

In the foreign lands of Panama, BIOLOGY students receive field experience under the direction of Dr. Elisa Konieczko.

SIX TIPS FOR GOING GREEN

1 Try to buy organic products. Although they are slightly more expensive, it is worth the cost to save the earth. Pesticides are harmful to consume and wreak havoc on the environment.

2 Purchase green cleaning products. Many of the chemicals used in regular household cleaners can cause health problems if exposure is excessive. Green products, on the other hand, are healthier to work with and can help reduce your carbon footprint.

3 Create your own compost bin. One of the benefits of compost is healthy soil, which means healthy plants that produce a lot of oxygen. Also, reducing the amount of trash sent to landfills is always a plus.

4 Save energy. Turn off lights when you leave a room. Turn down the heat and layer clothing instead. Not only will you be helping the environment, but you will also save money!

5 Reduce, Reuse, Recycle! Reduce your waste. Reuse products. Recycle plastics, aluminum, and paper with the help of the "green" recycling bins located around campus.

6 Transport. Now that gas prices are so high, it might be beneficial to consider alternate forms of transportation. Bike wherever possible. At the very least, make an effort to carpool.

timeless identity

1,000 THANKS

Thanks to all those who offered their love and support in creating this wonderful work of history—
Dan Telesz, The Gannon Knight, Nancy Kujawinski, Ward McCracken, The Public Relations Office and all of the quoted and featured students and staff

awards & memberships ● The Lance is a member of the Columbia Scholastic Press Association, Associated Collegiate Press and the American Scholastic Press Association. The 2007 Lance was included in the Taylor Publishing Company Yearbook Yearbook, was a CSPA Gold Medalist, received a first-class rating from the ACP and won first place by the ASPA.

lance staff ● The Gannon University 2008 Lance yearbook, volume 49, was produced by Melissa Hanely, editor; Llana Pierce, assistant; Bridget Rager and Catherine Oakley, advisers in Erie, Pennsylvania and was printed through the Taylor Publishing Company, Dallas, Texas. The account was serviced by sales representative Cari Frei and account executive Cathy Simoneaux.

colophon ● The nine by twelve inch book has a cover designed by the yearbook editors using a four-color lithocote matte. The endsheets incorporate photography by Ross Miceli and are printed on white paper using four-color process. The book's 168 pages are printed on 100# Dull Enamel paper stock in full color. Photographs were taken and submitted by yearbook staff and various campus organizations and offices, especially the Gannon Knight newspaper. All body copy is set in Vanguard fonts in various sizes and headlines are set in Adobe Caslon Pro in various sizes. Pages were submitted by direct PDF to the plant. The Lance was designed using Adobe® InDesign CS2 with the Taylor Tool bar, Microsoft Word and Adobe® Photoshop CS2. Copies of the book were sold for $65.00.
